Dear Ms. Murdock,

I have received an email (see attached) which indicates that PRDC would like to include EPA in their meeting with you on Tuesday, December 5th, 2017. It is my understanding that the meeting between the Corps and PRDC is to allow the Corps to address comments PRDC may have had for the PN on the proposed Route 95-Thorncreek Rd, to Moscow project. EPA has already provided comments in our letter dated 6/16/2017, consistent with our responsibilities under Section 404, and we believe that our comments speak for themselves. Consequently, EPA will not be attending this meeting. We thank you for the opportunity to provide comments. Should you have questions on our comments, or require further information on this project, please don't hesitate to contact us.

Sincerely,

Charissa Bujak

Ms. Bujak,

The Paradise Ridge Defense Coalition would really like to have the EPA in attendance at the proposed Army Corps meeting. Can you update us on the status, and whether you will be able to attend?

Thank you.

Michaela,

That time and date generally works for PRDC's members. However, before we confirm that date and time, PRDC wanted to confirm that EPA would be able to attend the meeting as well. My understanding is that a member of PRDC inquired if someone from the EPA Boise office would be attending, and the staff member (Charissa Bujak) was looking into travel arrangements. Having an EPA representative at the meeting would be very helpful, given their past involvement and comments. Not sure if there is anything you can do on your end to make sure that Charissa can attend, but any help you can provide would be appreciated.

Thank you.

The Corps is reserving a meeting space at the 1912 Building in Moscow, Idaho, for Tuesday, December 5, 2017. The meeting time is tentatively scheduled for 2:00-5:30 p.m.; however, an earlier start time is possible if desired.

Please confirm whether this date, time, and location work for you and your clients.

Thank you,

Michaela M. Murdock
